Article 06. LEA Land Extensive Agriculture District.

Sec. 26-06-005. Purpose.

Purpose: To enhance and protect lands best suited for permanent agricultural use and capable of relatively low production per acre of land; and to implement the provisions of the Land Extensive Agriculture land use category of the General Plan and the policies of the Agricultural Resources Element. (Ord. No. 4643, 1993.)

Sec. 26-06-010. Permitted uses

(a) On parcels exceeding two (2) acres, raising, feeding, maintaining and breeding of farm animals. When such farming involves animals which are continuously confined, such as veal calves, poultry, hogs and pigs, dairy cows or similar livestock which may result in concentrations of animal waste, the use shall be subject to issuance of a zoning permit based upon written approval of the Sonoma County Health Services Department and the applicable Regional Water Quality Control Board of a confined animal management plan. Horses, goats, sheep and similar farm animals are not considered to be confined animals for purposes of this chapter. The plan shall include provisions for:

- (1) Containment of waste to the site,
- (2) Reuse or disposal of waste in accordance with health and/or water quality regulations,
- (3) Mitigation of potential water quality impacts due to surface runoff of waste,
- (4) Control of vectors,

In the event that the confined animal use is proposed within five hundred feet (500') of a nonagricultural land use category, it shall require prior approval of a use permit;

(b) On parcels of two (2) acres or less, raising, feeding, maintaining and breeding of not more than one of the following per twenty thousand (20,000) square feet of area:

- (1) Five (5) hogs or pigs,

 - (6) The above limitations may be modified by the Planning Director upon submittal of a proposal statement which describes the extent of the domestic farming use and which is signed by the owners of all property within three hundred feet (300') of the subject property. The Planning Director may require the applicant to obtain a use permit if the director determines that the project might be detrimental to surrounding uses,
 - (7) 4-H and FFA animal husbandry projects are permitted without limitation of parcel size; provided, that the parcel contains at least twenty thousand (20,000) square feet and provided further, a letter of project authorization is first submitted by the project advisor.
